INNOVATIONS TO SUPPORT YOUR MODERN FAMILY

The following features are part of the Marycroft Homes Standard Home Automation Package at The Valley:

*Honeywell Home Pro Series

A powerful central hub for security and automation. This system is expandable to suit your needs.

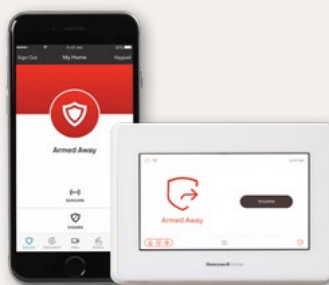

Resideo Total Connect Mobile App

Arm and disarm the alarm system remotely & control these devices* from your phone. App is able to drive additional 'Z-wave' automations.

*First Alert Vx1 Video Doorbell

Intelligence and reliability featuring advanced detection technology and notifications.

Residio Builder Promo Package

3-year subscription to Total Connect 2.0 automation app.

*Honeywell Home Wifi Thermostat

Schedule heating and cooling your way from anywhere you're connected.

Lutron Smart Lighting Package

Control lights from 3 smart dimmer switches, or from Lutron Caseta app. System integrated with builders' standard potlight program.

1 Pico Switch for Lutron System

Wireless remote to control Lutron lighting. Carry with you or integrate with wall base.

Rogers Package

One-year free Rogers high speed internet, voice and entertainment bundle.

*Weiser Home Connect

Deadbolt can be operated by key, by electronic keypad, or remotely from your automation app.

Smart Tech Consultation

One hour consultation with Marycroft Homes' smart technician for system tutorial. Additional time for support and device programming available at extra cost.
